

## IT'S TIME TO REGISTER!

**Join us for the World Tunnel Congress 2022 and  
48th ITA General assembly.**

Register now for WTC 2022 which will take place from 2-8 september and reconnect with the excitement of face-to-face meetings and the networking opportunities they offer.

During a 6 day innovation-sharing event, the Bella Center will host leading experts in the field, university professors and researchers, professionals, engineering firms, major clients and representatives from the most important construction companies in this sector.

The overall theme for the conference will be Underground Solutions for a World in Change with the following priority themes: Climate resilience / Innovative solutions for a sustainable society / Subsurface planning / Sustainable underground structures.

Over 150 speakers and 2000 participants are expected from every part of the world. This scientific event will review the state of the art and the most recent innovations in tunnelling methods, technologies and equipment.

Register now for WTC 2022 and reconnect with the excitement of face-to-face meetings and the networking opportunities they offer.

## And if you can't join in person, don't worry!

This year, WTC 2022 will be hybrid (in person and virtually) allowing those, who are unable to attend or otherwise unable to travel, to take part in celebrating the success of the tunnel industry. We offer the convenience of an interactive virtual format for those who choose to participate remotely.

All registered participants will have access to the virtual platform, whether they are physically present or ahead of their screen. They will all have access to live or recorded technical sessions and to the digital exhibition hall.

Through the platform, digital Exhibitors will be able to communicate with all participants at any time, showcasing and promoting their services through the platform, resulting in more productive interactions and the development of effective and mutually beneficial business connections.
